"Scalable resource-efficient learning from structured sequences"

Julia Sidorova

Graduated from Moscow State University in 2002 and obtained her PhD from Universitat Pompeu Fabra in 2009. She is a postdoctoral researcher in the project "Scalable resource-efficient systems for big data analysis" at Blekinge Institut of Technology (Sweden), involving industry giants like Erikson, Telenor Sweden, several big hospitals, and so on. She contributes to the two lines of the project: A) big data in healthcare, and B) scalable machine learning study for Telenor Sweden.
